There are two types of amazon seller account creation

- Individual
- Professional

Individual vs Professional account creation

Individual sellers pay a \$0.99 fee on every item that sells, while professional sellers pay a \$39.99 monthly fee regardless of the number of items they sell.

Also, there is a restriction of 40 items to be sold per month under the individual selling plan. That means, if you are going to sell over 40 items, you have to sign up as a professional one
